

HOUSTON HEIGHTS (ONGOING)

Sullivan Land Services provides ongoing infill development of the neighborhoods in the Houston Heights where former industrial and commercial structures are demolished to make way for new residential construction, complimenting the architectural heritage of this protected district within the City of Houston.

PROJECT SUMMARY

- Infill development of the neighborhoods in the Houston Heights
- Home prices: \$450,000-\$900,000
- Project Value: ONGOING

The above are highlights of recent projects. A more comprehensive list of company projects is available upon request. References for the aforementioned projects, as well as general company, financial, insurance and bonding references are also available upon request.
